

ModIC 2024 - Model-Independent Cosmology with gravitational waves, large-scale structure, and high-energy surveys.

Monday, 13 May 2024

Model-independent Cosmology: Theory & Methods (10:40 - 13:00)

time	[id] title	presenter
10:40	[1] Status of LCDM and cosmological tensions	POULIN, Vivian
11:20	Coffee Break	
11:40	[2] Status of Dark Energy	LINDER, Eric V.
12:20	[3] Brainstorming Session	

Model-independent Cosmology: Hands-on session (15:00 - 18:00)

time	[id] title	presenter
15:00	[19] Model-independent methods for cosmological inference	SHAFIELOO, Arman
15:40	[4] Cosmological inference with GPs	CALDERÓN, Rodrigo
16:20	Coffee Break	
16:40	[20] Brainstorming session	

Thursday, 16 May 2024

Model-independent Cosmology: Summary (10:00 - 10:40)

-Conveners: **Rodrigo Calderón**

time	[id]	title	presenter
10:00	[28]	Day 1 Summary talk	CALDERÓN, Rodrigo
