

National Doctoral Programme in Space Science and Technology 2024 PhD Days

PhD SST
Space Science
and Technology

JUNE 6-8, 2024

L'AQUILA

GSSI Auditorium

PUBLIC LECTURE

Thursday, June 6, 19:00, Centro congressi "Zordan"
Piazza San Basilio, L'Aquila

Space Exploration: reaching beyond the limits using bioinspired technologies

*Space Exploration is one of the key elements of the new Space Economy.
To explore Space, however, a number of challenges should be
addressed and resolved.
Also in this case, Nature is a source of a
never ending inspiration.*

Prof. Roberto Battiston
University of Trento and INFN
