

Workshop: Mathematics of data driven models

Tuesday, 27 January 2026

Session 4 - Ex-ISEF/Building-Main Lecture Hall (14:00 - 17:00)

| time | [id] title | presenter |
|-------|---|------------------|
| 14:00 | [30] Efficient Krylov-like solvers for model and data driven problems | GAZZOLA, Silvia |
| 15:00 | [15] New Algorithms to Solve Non-Linear Least Square Problems | FAROOQ, Asma |
| 15:30 | Coffee Break | |
| 16:00 | [11] One probe is enough for log-det estimation | TONI, Daniele |
| 16:30 | [6] Nearest correlation matrices with structure: a dynamical systems approach | TURCHET, Eugenio |
